Author Index
Volume 25: 1977

AGHDASSI, A
Acute onset of bulbar and ocular paralysis: An isolated case, with differential diagnosis. With RD Teasdall Summer: 119

ALAM, M
Quinidine-induces hepatitis and thrombocytopenia. With WFC Duvernoy, SD Pickard, and PL Aronsohn Summer: 53

ALLEN, H
Primary hepatic tumors in women on oral contraceptives. With V Maciel and C Grodsinsky Winter: 307

ANBE, DT
Painless dissecting aneurysm of the thoracic aorta: Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargment. With R Garcia, P Torbey, and EH Drake Spring: 21

ARONSOHN, PL
Quinidine-induced hepatitis and thrombocytopenia. With M Alam, WFC Duvernoy, and SD Pickard Summer: 53

AUSTIN, DC
Selective cerebral arteriography and the CAT scan in acoustic tumors Fall: 193

BALDWIN, SE
Clinical uses of biofeedback: A review of recent research. With RM Lee and JA Lee Summer: 99

BEBIN, J
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference Fall: 215

BLUHM, GB
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. With JM Riddle, DG Pica, and GD Langejans Summer: 61

CHIMES, E
The Robert S. Knighton Alumni Association Fall: 243

CLARKE, HA
The rear-end collision — Soma or psyché? Fall: 223

CANALE, DJ
Milestones leading to the development of spinal surgery in the late 19th century Fall: 131

Robert S. Knighton, MD: An Appreciation Fall: 130

DANADOOST, DM
The clinical variations of hereditary spastic paraplegia in four families. With CE Jackson and RD Teasdall Spring: 3

DRAKE, EH
Painless dissecting aneurysm of the thoracic aorta: Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargement. With R Garcia, P Torbey, and DT Anbe Spring: 21

DRUKKER, BH
Diagnostic ultrasound in gynecology. With MH Shah, CY Lee, and JJ Karo Summer: 75

DUVERNOY, WFC
Quinidine-induced hepatitis and thrombocytopenia. With M Alam, SD Pickard, and PL Aronsohn. Summer: 53

EYLER, WR
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. With AN Mehta, S Goldstein, DS Marks, and A Kasenter Spring: 13

FIELD, EM
Traumatic third ventricular hematoma Fall: 187

FOX JDeW
Walter Dandy — super-surgeon Fall: 149

FOX, TA Jr
Intraoperative transanal fiberoptic colonoscopy: Report of six cases. With PA Haas Spring: 33

FUKAMI, Y
Cryptococcal granuloma of the choroid plexus in the temporal horn Fall: 231

GARCIA, R
Painless dissecting aneurysm of the thoracic aorta. Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargement. With P Torbey, DT Anbe, and EH Drake Spring: 21

GOLDSTEIN, S
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. With AN Mehta, DS Marks, A Kasenter, and WR Eyler
Spring: 13

GOMEZ-MENDEZ, F
Subarachnoid and intracerebral hemorrhage due to the rupture of an arteriovenous malformation and aneurysm in the same patient. Report of two cases
Fall: 209

GONZALEZ-CORNEJO, S
Chemothalamolysis in the treatment of hemiballismus — simplified Knighton's technique
Fall: 171

GRODSINSKY, C
Primary hepatic tumors in women on oral contraceptives. With V Maciel and H Allen
Winter: 307

GRUENBERG, JC
Early vagotomies at Henry Ford Hospital: An historical vignette and a follow-up. With CR Lam.
Spring: 37

GUZMAN, I
Effect of steroids on patients with postoperative bowel anastomotic dysfunction. With LH Toledo-Pereyra and EG Yonehiro
Winter: 285

HAAS, PA
Intraoperative transanal fiberoptic colonoscopy: Report of six cases. With TA Fox, Jr.
Spring: 33

HESSBURG, PC
Studies on uveitis: Part I: Aqueous studies
Winter: 255

HOWARD, PG
X-linked diseases with cataract
Summer: 89

JACKSON, CE
The clinical variations of hereditary spastic paraplegia in four families. With DM Danadoost and RD Teasdall
Spring: 3

KARO, JJ
Diagnostic ultrasound in gynecology. With MH Shah, CY Lee, and BH Drukker
Summer: 75

KASENTER, A
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. With AN Mehta, S Goldstein, DS Marks, and WR Eyler
Spring: 13

LABASSE, HC
The water-soluble contrast medium lumbar myelogram and its surgical correlations
Fall: 177

LAM, CR
Early vagotomies at Henry Ford Hospital: An historical vignette and a follow-up. With JC Gruenberg
Spring: 37

LANGEJANS, GD
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. With GB Bluhm, JM Riddle, and DG Pica
Summer: 61

LEE, CY
Diagnostic ultrasound in gynecology. With MH Shah, JJ Karo, and BH Drukker
Summer: 75

LEE, JA
Clinical uses of biofeedback: A review of recent research. With RM Lee and SE Baldwin
Summer: 99

LEE, RM
Clinical uses of biofeedback: A review of recent research. With SE Baldwin and JA Lee
Summer: 99

MACIEL, V
Primary hepatic tumors in women on oral contraceptives. With H Allen and C Grodsinsky
Winter: 307

MANDERS, KL
The treatment of chronic pain: Program of the Community Hospital Rehabilitation Center for Pain
Fall: 145

MARKS, DA
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. With AN Mehta, S Goldstein, A Kasenter, and WR Eyler
Spring: 13

MEHTA, AN
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. With S Goldstein, DS Marks, A Kasenter, and WR Eyler
Spring: 13

NISBET, RM
The incidence of retrolental fibroplasia
Summer: 85

PAZ-ESQUERRE, A
Atlantoaxial dislocations: A retrospective study of 35 cases
Fall: 239

PICA, DG
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. With GB Bluhm, JM Riddle, and GD Langejans
Summer: 61

PICKARD, SD
Quinidine-induced hepatitis and thrombocytopenia. With M Alam, WFC Duvernoy, and PL Aronsohn
Summer: 53

RICOTTI, CA
Colonoscopic polypectomy in a preschool-age child Winter: 281

RIDDLE, JM
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. With GB Bluhm, DG Pica, and GD Langejans Summer: 61

SAMHOURI, A
Long-term survival after onset of blast crisis in chornic granulocytic leukemia. With EJ Van Slyck Winter: 299

SARAVOLATZ, LD
Legionnaires' Disease: Description of a sporadic case. With G Tilchen Winter: 293

SHAH, MH
Diagnostic ultrasound in gynecology. With CY Lee, JJ Karo, and BH Drukker Summer: 75

TEASDALL, RD
Acute onset of bulbar and ocular paralysis: An isolated case, with differential diagnosis. With A Aghdassi Summer: 119

The clinical variations of hereditary spastic paraplegia in four families. With DM Danadoost and CE Jackson Spring: 3

TILCHEN, G
Legionnaires' Disease: Description of a sporadic case. With LD Saravolatz Winter: 293

TOLEDO-PEREYRA, LH
Effect of steroids on patients with postoperative bowel anastomotic dysfunction. With I Guzman and EG Yonehiro Winter: 285

TORBEY, P
Painless dissecting aneurysm of the thoracic aorta: Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargement. With R Garcia, DT Anbe, and EH Drake Spring: 21

VAN SLYCK, EJ
Long-term survival after onset of blast crisis in chronic granulocytic leukemia. With A Samhouri Winter: 299

YONEHIRO, EG
Effect of steroids on patients with postoperative bowel anastomotic dysfuntion. With LH Toledo-Pereyra and I Guzman Winter: 285

Subject Index
Volume 24: 1977

ACCIDENT NEUROSIS
The rear-end collision — Soma or psyché? HA Clarke Fall: 223

ACOUSTIC NEUROMAS
Selective cerebral arteriography and the CAT scan in acoustic tumors. DC Austin Fall: 193

ANEURYSMS
Subarachnoid and intracerebral hemorrhage due to the rupture of an arteriovenous malformation and aneurysm in the same patient. Report of two cases. F Gomez-Mendez Fall: 209

AORTIC DISSECTION
Painless dissecting aneurysm of the thoracic aorta: Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargement. R Garcia, P Torby, DT Anbe, and EH Drake Spring: 21

ARTERIOVENOUS MALFORMATION
Subarachnoid and intracerebral hemorrhage due to the rupture of an arteriovenous malformation and aneurysm in the same patient. Report of two cases. F Gomez-Mendez Fall: 209

ATLANTOAXIAL
Atlantoaxial dislocations: A retrospective study of 35 cases. A Paz-Esquerre Fall: 239

AQUEOUS CYTOLOGY
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

AQUEOUS MICROBIOLOGY
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

BACTERIAL L-FORMS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

BENIGN HEPATIC TUMORS
Primary hepatic tumors in women on oral contraceptives. V Maciel, H Allen, and C Grodsinsky Winter: 307

BIOFEEDBACK
Clinical uses of biofeedback: A review of recent research. RM Lee, SE Baldwin, and JA Lee Summer: 99

BOWEL ANASTOMOSIS
Effect of steroids on patients with postoperative bowel anastomotic dysfunction. LH Toledo-Pereyra, I Guzman, and EG Yonehiro Winter: 285

BULBAR PARALYSIS
Acute onset of bulbar and ocular paralysis: An isolated case, with differential diagnosis. A Aghdassi and RD Teasdall Summer: 119

CAT SCANNING
Selective cerebral arteriography and the CAT scan in acoustic tumors. DC Austin Fall: 193

CATARACT, X-LINKED
X-linked diseases with cataract. PJ Howard Summer: 89

CELL WALL DEFECTIVE BACTERIA
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

CELL WALL DEFICIENT FORMS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

CEPHALOTHIN
Legionnaires' Disease: Description of a sporadic case. LD Saravolatz and G Tilchen Winter: 293

CEREBRAL ARTERIOGRAPHY
Selective cerebral arteriography and the CAT scan in acoustic tumors. DC Austin Fall: 193

CERVICAL SYNDROME TRIAD
The rear-end collision — Soma or pshché? HA Clarke Fall: 223

CHEMOTHALAMOLYSIS
Chemothalamolysis in the treatment of hemiballismus — simplified Knighton's technique. S. Gonzalez-Cornejo Fall: 171

CHOROID PLEXUS
Cryptococcal granuloma of the choroid plexus in the temporal horn. Y Fukami Fall: 231

CHRONIC PAIN
The treatment of chronic pain: Program of the Community Hospital Rehabilitation Center for Pain. KL Manders Fall: 145

CLINICAL PATHOLOGICAL CONFERENCE
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference. J Bebin Fall: 215

COLONOSCOPY
Colonoscopic polypectomy in a preschool-age child. CA Ricotti Winter: 281

Intraoperative transanal fiberoptic colonoscopy: Report of six cases. TA Fox Jr and PA Haas Spring: 33

Subject Index 1977

CRANIO-CEREBRAL TRAUMA
Traumatic third ventricular hematoma. EM Field Fall: 187

CRYPTOCOCCOSIS
Cryptococcal granuloma of the choroid plexus in the temporal horn. Y Fukami Fall: 231

CYTARABINE
Long-term survival after onset of blast crisis in chronic granulocytic leukemia. EJ Van Slyck and A Samhouri Winter: 299

DANDY, WALTER
Walter Dandy — super-surgeon. JDeW Fox Fall: 149

DIAGNOSTIC ULTRASOUND
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

DRAGSTEDT, LESTER R
Early vagotomies at Henry Ford Hospital: An historical vignette and a follow-up. JC Gruen- [illegible] CR Lam Spring: 37

DRUG-INDUCED HEPATITIS AND THROMBOCYTOPENIA
Quinidine-induced hepatitis and thrombocytopenia. M Alam, WFC Duvernoy, SD Pickard, and PL Aronsohn Summer: 53

EARLY PREGNANCY, ASSESSMENT OF
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

ECTOPIC PREGNANCY
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

ENDOGENOUS UVEITIS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

ERYTHROMYCIN
Legionnaires' Disease: Description of a sporadic case. LD Saravolatz and G Tilchen Winter: 293

FASTIDIOUS MICROBIOLOGICAL ORGANISMS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

FUSION
Atlantoaxial dislocations: A retrospective study of 35 cases. A Paz-Esquerre Fall: 239

HEARING LOSS
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference. J Bebin. Fall: 215

HEMIBALLISMUS
Chemothalamolysis in the treatment of hemiballismus — simplified Knighton's technique. S. Gonzalez-Cornejo Fall: 171

HEREDITARY PARAPLEGIA
The clinical variations of hereditary spastic paraplegia in four families. DM Danadoost, CE Jackson, and RD Teasdall Spring: 3

HISTORY
Milestones leading to the development of spinal surgery in the late 19th century. DJ Canale Fall: 131

HYDATIDIFORM MOLE
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

IMPROVED SURGICAL TECHNIQUES
Selective cerebral arteriography and the CAT scan in acoustic tumors. DC Austin Fall: 193

IRITIS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

ISOLATED INTRAVENTRICULAR HEMATOMA
Traumatic third ventricular hematoma. EM Field Fall: 187

ISOTOPE IMAGING
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. AN Mehta, S Goldstein, DS Marks, A Kasenter, and WR Eyler Spring: 13

JOHNS HOPKINS HOSPITAL
Walter Dandy — super-surgeon. JDeW Fox Fall: 149

KERATOCENTESIS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

KNIGHTON'S SIMPLIFIED TECHNIQUE
Chemothalamolysis in the treatment of hemiballismus — simplified Knighton's technique. S. Gonzalez-Cornejo Fall: 171

LEGIONNAIRES' DISEASE
Legionnaires' Disease: Description of a sporadic case. LD Saravolatz and G Tilchen Winter: 293

LEUKEMIA, MYELOBLASTIC
Long-term survival after onset of blast crisis in chronic granulocytic leukemia. EJ Van Slyck and A Samhouri Winter: 299

LIVER CELL ADENOMA
Primary hepatic tumors in women on oral contraceptives. V Maciel, H Allen, and C Grodsinsky Winter: 307

LOST INTRAUTERINE DEVICE
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

LUMBAR DISC DISEASE
The water-soluble contrast medium lumbar myelogram and its surgical correlations. HC LaBasse Fall: 177

LUMBAR MYELOGRAM
The water-soluble contrast medium lumbar myelogram and its surgical correlations. HC LaBasse Fall: 177

MEDULLOBLASTOMA, DESMOPLASTIC
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference. J Bebin Fall: 215

METRISAMIDE
The water-soluble contrast medium lumbar myelogram and its surgical correlations. HC LaBasse Fall: 177

MMPI
The rear-end collision — Soma or psyché? HA Clarke Fall: 223

MULTIPLE MODALITY TREATMENT
The treatment of chronic pain: Program of the Community Hospital Rehabilitation Center for Pain. KL Manders Fall: 145

MYCOBACTERIUM BOVIS OR BCG VACCINATION
Long-term survival after onset of blast crisis in chronic granulocytic leukemia. EJ Van Slyck and A Samhouri Winter: 299

MYOCARDIAL INFARCTION
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. AN Mehta, S Goldstein, DS Marks, A Kasenter, and WR Eyler Spring: 13

NEOPLASM
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference. J Bebin Fall: 215

NONTRANSMURAL INFARCTION
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. AN Mehta, S Goldstein, DS Marks, A Kasenter, and WR Eyler Spring: 13

OCULAR PARALYSIS
Acute onset of bulbar and ocular paralysis: An isolated case, with differential diagnosis. A Aghdassi and RD Teasdall Summer: 119

ORAL CONTRACEPTIVES
Primary hepatic tumors in women on oral contraceptives. V Maciel, H Allen, and C Grodsinsky Winter: 307

OXYGEN THERAPY
The incidence of retrolental fibroplasia. RM Nisbet Summer: 85

PAIN CENTER
The treatment of chronic pain: Program of the Community Hospital Rehabilitation Center for Pain. KL Manders Fall: 145

PARALYSIS
Acute onset of bulbar and ocular paralysis: An isolated case, with differential diagnosis. A Aghdassi and RD Teasdall Summer: 119

PARAPLEGIA
The clinical variations of hereditary spastic paraplegia in four families. DM Danadoost, CE Jackson, and RD Teasdall Spring: 3

PELVIC OR ADNEXAL MASSES
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

PLATELETS
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. GB Bluhm, JM Riddle, DG Pica, and GD Langejans Summer: 61

PNEUMOENCEPHALOGRAPHY
Walter Dandy — super-surgeon. JDeW Fox Fall: 149

PNEUMONIA
Legionnaires' Disease: Description of a sporadic case. LD Saravolatz and G Tilchen Winter: 293

POLYPECTOMY
Colonoscopic polypectomy in a preschool-age child. CA Ricotti Winter: 281

Intraoperative transanal fiberoptic colonoscopy: Report of six cases. TA Fox Jr and PA Haas Spring: 33

PREMATURITY
The incidence of retrolental fibroplasia. RM Nisbet Summer: 85

Subject Index 1977

PRESCHOOL-AGE CHILD
Colonoscopic polypectomy in a preschool-age child. CA Ricotti Winter: 281

PROGRESSIVE ATAXIA
Progressive ataxia and hearing loss (left) in a 23-year-old man. A clinico-pathological conference. J Bebin Fall: 215

PSYCHOGENIC DISORDERS
Clinical uses of biofeedback: A review of recent research. RM Lee, SE Baldwin, and JA Lee Summer: 99

QUADRIPARESIS
Atlantoaxial dislocations: A retrospective study of 35 cases. A Paz-Esquerre Fall: 239

QUINIDINE HEPATITIS
Quinidine-induced hepatitis and thrombocytopenia. M Alam, WFC Duvernoy, SD Pickard, and PL Aronsohn Summer: 53

QUINIDINE THROMBOCYTOPENIA
Quinidine-induced hepatitis and thrombocytopenia. M Alam, WFC Duvernoy, SD Pickard, and PL Aronsohn Summer: 53

QUINIDINE-INDUCED LIVER DISEASE
Quinidine-induced hepatitis and thrombocytopenia. M Alam, WFC Duvernoy, SD Pickard, and PL Aronsohn Summer: 53

REAR-END COLLISION
The rear-end collision—Soma or psyché? HA Clarke Fall: 223

RESPIRATORY DISTRESS SYNDROME
The incidence of retrolental fibroplasia. RM Nisbet Summer: 85

RETROLENTAL FIBROPLASIA
The incidence of retrolental fibroplasia. RM Nisbet Summer: 85

RHEUMATOID
Atlantoaxial dislocations: A retrospective study of 35 cases. A Paz-Esquerre Fall: 239

RHEUMATOID ARTHRITIS
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. GB Bluhm, JM Riddle, DG Pica, and GD Langejans Summer: 61

RUPTURE
Subarachnoid and intracerebral hemorrhage due to the rupture of an arteriovenous malformation and aneurysm in the same patient. Report of two cases. F Gomez-Mendez Fall: 209

SALICYLATE
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. GB Bluhm, JM Riddle, DG Pica, and GD Langejans Summer: 61

SPASTIC PARAPLEGIA
The clinical variations in hereditary spastic paraplegia in four families. DM Danadoost, CE Jackson, and RD Teasdall Spring: 3

SPINAL SURGERY
Milestones leading to the development of spinal surgery in the late 19th century. DJ Canale Fall: 131

STEROIDS
Effect of steroids on patients with postoperative bowel anastomotic dysfunction. LH Toledo-Pereyra, I Guzman, and EG Yonehiro Winter: 285

SUBTHALAMIC NUCLEUS
Chemothalamolysis in the treatment of hemiballismus—simplified Knighton's technique. S Gonzalez-Cornejo Fall: 171

SURVIVAL
Long-term survival after onset of blast crisis in chronic granulocytic leukemia. EJ Van Slyck and A Samhouri Winter: 299

TECHNETIUM^{99}
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. AN Mehta, S Goldstein, DS Marks, A Kasenter, and WR Eyler Spring: 13

THIRD VENTRICULAR HEMATOMA
Traumatic third ventricular hematoma. EM Field Fall: 187

THORACIC AORTA DISSECTION
Painless dissecting aneurysm of the thoracic aorta: Report of eight cases masquerading as gross aortic insufficiency, severe hypertension, myocardial infarction and mediastinal enlargement. R Garcia, P Torby, DT Anbe, and EH Drake Spring: 21

THROMBOSIS
Salicylate effect on platelets and vascular thrombosis in rheumatoid arthritis. GB Bluhm, JM Riddle, DG Pica, and GD Langejans Summer: 61

TRANSANAL
Intraoperative transanal fiberoptic colonoscopy: Report of six cases. TA Fox Jr and PA Haas Spring: 33

TRAUMA
Atlantoaxial dislocations: A retrospective study of 35 cases. A Paz-Esquerre Fall: 239

TUBO-OVARIAN ABSCESS
Diagnostic ultrasound in gynecology. MH Shah, CY Lee, JJ Karo, and BH Drukker Summer: 75

ULCER, PEPTIC
Early vagotomies at Henry Ford Hospital: An historical vignette and a follow-up. JC Gruenberg and CR Lam Spring: 37

UNSTABLE ANGINA PECTORIA
Technetium pyrophosphate myocardial scanning in acute myocardial infarction. AN Mehta, S Goldstein, DS Marks, A Kasenter, and WR Eyler Spring: 13

UVEITIS
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

VAGOTOMY
Early vagotomies at Henry Ford Hospital: An historical vignette and a follow-up. JC Gruenberg and CR Lam Spring: 37

VARIANT MICROBIOLOGY
Studies on uveitis: Part I: Aqueous studies. PC Hessburg Winter: 255

VENTRICULOGRAPHY
Walter Dandy — super-surgeon. JDeW Fox Fall: 149

WATER-SOLUBLE CONTRAST MEDIA
The water-soluble contrast medium lumbar myelogram and its surgical correlations. HC La-Basse Fall: 177

"WHIPLASH"
The rear-end collision — Soma or psyché? HA Clarke Fall: 223

X-LINKED, CATARACT
X-linked diseases with cataract. PJ Howard Summer: 89
